**HISTORICAL NOTES:** Manzoni Bianco, also known as “Incrocio Manzoni 6.0.13”, is a distinguished wine crafted from the eponymous grape variety, created in the 1930s by Professor Manzoni at the prestigious Conegliano School of Oenology. This unique grape is the result of crossing two noble varieties: Rhein Riesling and Pinot Blanc. The designation 6.0.13 refers to the precise location in the vineyard of experiments where this particular cross was located: 6th row, 13th plant.

**PRODUCTION AREA:** it is produced in the Piave Valley at about 10 km from the Adriatic Sea and 50 km from the Dolomites mountains.

**SOIL:** alluvial, made of “caranto”, a mix of white clay and minerals from the Dolomites mountains.

**DENSITY OF THE PLANTATION AND TRAINING SYSTEM:** 6.250 vines per hectare trained with guyot system.

**YEAR OF THE PLANTATION:** 2021.

**VINEYARD MANAGEMENT:** to obtain a perfect ripening of the grapes, beyond the normal vineyard management, we carry out summer pruning. Furthermore, the yield is kept very low in order to produce grapes rich in scents and aroma.

**HARVEST:** beginning of September, when the grapes are very well ripe, but they still have a good level of acidity.

**VINIFICATION:** soft pressing of the entire grapes, cool static clarification and fermentation at controlled temperature in concrete tanks. Then the wine matures for several months on its noble lees in stainless steel vats. The lees are frequently mixed in order to increase the thickness and the smoothness of the wine.
